DFL SENIOR CAUCUS

Making a better world

For our

children,

grandchildren

Who are we?

Seniors are among those most adversely affected by the policies and acts of recent administrations in Minnesota and Washington DC

To address the needs of seniors, the DFL Senior Caucus was formed in 2006 as an organization within the DFL party. The Caucus works to involve seniors throughout Minnesota in the political process, to provide a vehicle for their active participation in the DFL party, and to promote programs and legislation that protect and enhance the lives of seniors.

Our united efforts influence voters and policy makers.

Our unified voice makes a difference in assuring that the needs of older Minnesotans are addressed in policies and law.
