

Proposed Bylaw Change

The following is a proposed change to the Constitution that was passed by the State Executive Committee to be considered by the State Central Committee.

The proposed addition:

Article 3, Section 4, Subsection H. Official DFL Endorsements.

BYLAW

In the event a nominated candidate for endorsement experiences a medical condition requiring urgent attention, a motion to postpone the endorsement to a time certain shall immediately be placed on the floor and require a majority vote to pass. All other business of the convention will commence per the approved rules and agenda; the only item to be postponed to a time certain is the candidate endorsement in question. The State DFL Party will help the local unit with fees, logistics, and other related issues as a result of the endorsement being rescheduled.
